== HOW TO BUY ==

1. Send the Package's price to following Bitcoin address:
18ctMZtdgbTYrx2kKKd3k83VwdpQyHPtVB
2. Write us an email to egalytyy@protonmail.com telling us:
 - Chosen package
 - Your Bitcoin address used to send us money

- Your own Bitcoin address to receive money from your Clients
- Your price to receive from your Clients (ie. 0.20 btc)
- Your email address to get contacted from your Clients
- If you want to keep track of IPs of your Clients (enabled by default)
- Chosen paid add-ons
- Chosen optional free add-ons

3. Wait until we check your payment

4. You will receive an email with 2 links:

- The first one with your files (Ransomware + Decrypter)
- The second one with your C2 Dashboard

Any setup information must be sent with payment email.

No further customization can be put in place if your own EGALYTY copy is in production.

More efficient and less expensive than "Ranion"!
